

Power exchange cabinet parameter

Total power	20KW
Number of battery compartments	12
Power supply of single bin	1500W
Fire fighting mode	aerosol
Dimensions (W*H*D)	47.2*78.7*24.6 in (1200*2000*625mm)
Weight	(600 kgs)
Self consumption (night)	<1 W
Relative humidity	0-100%
Operating ambient temperature range	-13°F to 140°F (-25°C to 60°C)
Protection Level	IP55
Cooling concept	Air cooling
Max. operation altitude	13,120 ft (4000 m)
AC connection	2 knockout for 1"conduit at bottom, 4 knockout for 3/4"conduit at side and back, OT terminal
Display	LCD
Communication	RS485, CAN2.0
